

# Yaroslav Volvach

## Full Stack Web Developer

I planned to become a lawyer, but one day I tried to write program code and fell in love with it. So, now I am an experienced web developer with almost 4 years of experience. Excellent reputation for resolving problems and improving customer satisfaction.

I am a full team player so I respect other people's time and work; don't bother for no reason, but am willing to give advice or seek help if needed.

Hardworking and passionate job seeker with strong organizational skills eager to secure web-developer position. Ready to help your team achieve company goals.
